Application process:

Before use, carefully read the directions on the packaging and act accordingly.
The aerosol should have room temperature. Best processing temperature 10 to 25°C.
Before use, shake the aerosol.

Apply Cockpit clean & protect on a dry, clean cloth and distribute evenly over the surface to be treated.
Then, polish with a dry cloth until a silky gloss has been achieved.
In view of decreased grip, avoid contact with the steering wheel and the control pedals.

This release replaces all eventually earlier issued versions.
