

**TECHNICAL DATA SHEET***Revision date: 03.02.2025***NITRILE GLOVES**

<b>Article number:</b>	<b>48801, 48802, 48803</b>
<b>Colour:</b>	black
<b>Intended use:</b>	Car refinishing product/ Protective wear
<b>General characteristics:</b>	<p>Nitrile gloves are highly flexible, silicone and powder-free. These disposable gloves are a universal fit and can be worn on either the left or right hand. They prevent many types of skin irritation. The special structure on the fingertips, together with the perfect, seamless fit, ensures that these gloves provide a secure grip while leaving the fingers sensitive to touch - very important for delicate tasks such as spray painting in a workshop or handling syringes (needles) in a hospital.</p> <ul style="list-style-type: none"><li>■ powder-free nitrile</li><li>■ silicon free</li><li>■ extremely flexible, perfect fit and excellent comfort</li></ul> good sound deadening properties
<b>Description:</b>	
48801 - size M	
48802 - size L	
48803 - size XL
